1. Our online "Business Classifieds" system puts you in control while eliminating all paperwork and hassles from reaching local consumers. You can easily upload and post your own business ads or contact us to assist you. We are here to help.
2. We'll design your advertisement and get from your mailbox to your customers inbox and on their mobile devices. We make it easy to send mobile prospects a mix of online and offline marketing communications. The more link clicks you get the more sales you make.
3. According to a recent report, "80-90 percent of direct mail gets opened, only 20-30 percent of email gets opened on a good day."
